PRESS RELEASE – FOR IMMEDIATE RELEASE

Eligible citizens from Saint Lucia now qualify for visa-free travel to Canada

BRIDGETOWN, Barbados (Tuesday, June 6, 2023) — As a CARICOM (Caribbean Community) and fellow Commonwealth member, Saint Lucia is an important partner for Canada. Our relationship is built on shared democratic values and a growing network of people-to-people ties. We also recognize the importance of expanding and simplifying travel between our countries.

Canada is pleased to announce the addition of Saint Lucia to the [electronic travel authorization \(eTA\)](#) program. Citizens from Saint Lucia who have either held a Canadian visa in the last 10 years or who currently hold a valid United States [non-immigrant visa](#) can now apply for an eTA, instead of a visa, when travelling to Canada by air.

Introducing visa-free air travel will make it faster, easier and more affordable for thousands of known travellers from Saint Lucia to visit Canada for up to six (6) months for either business or leisure. It will also help facilitate more travel, tourism and international business between our countries, and help strengthen people-to-people and cultural ties.

Individuals who already have a valid visa can continue to use it to travel to Canada. Those who are not eligible for an eTA, or who are travelling to Canada by means other than air (for example, by car, bus, train and boat—including by cruise ship), will still need a [visitor visa](#). Travellers can visit Canada.ca/etA to find out if they are eligible for an eTA and how to apply for one.

Quotes:

“This exciting development means that more individuals from Saint Lucia can now embark on unforgettable adventures, explore our diverse landscapes, reunite with family and friends, and immerse themselves in our vibrant culture without the hurdle of visa requirements. This expansion not only enhances convenience for travellers; it will also increase travel, tourism and economic benefits, as well as strengthen our bond with Saint Lucia.”

– The Honourable Sean Fraser, Minister of Immigration, Refugees and Citizenship

“Canada is a destination of choice for so many around the world. We’re making it easier for more people to visit Canada, whether they’re coming to do business, sightsee, or reunite with family and friends.”

– The Honourable Mélanie Joly, Minister of Foreign Affairs

Quick facts:

- The eTA is a digital travel document that most [visa-exempt travellers](#) need to travel to or transit through Canada by air.
- The eTA application is used by Canadian officials to conduct light-touch, pre-travel screening of air travellers. It costs CAN\$7 to apply, and most applications are automatically approved within minutes.
- To apply for an eTA, travellers need only a valid passport, a credit card, an email address and access to the Internet.
- Saint Lucia is one of the [13 additional countries](#) whose eligible citizens may now benefit from visa-free travel.
